Corissa Lee, Ph.D., Manager, Exponent
Patrick Sturges, M.S., CCRP, Clinical Project Leader, Sanofi

**Engaging the Public via Social Media**
Gemima Philippe, Communications Associate, American Associate for the Advancement of Science

**Building and Maintaining Professional Networks**
Stephanie Wortel-London, M.S.Ed., Director of Education, New York Academy of Sciences

**Opening Plenary**
Emmanuel Giannelis, Ph.D., is the Vice Provost for Research and Vice President for Technology Transfer, Intellectual Property and Research Policy, and Walter R. Read Professor of Engineering at Cornell University. His research interests include Nanomaterials for Energy, Biomedical, and Environmental Applications. His group is internationally recognized as one of the leading groups in nanohybrids and nanocomposites. He is a Fellow of the American Chemical Society and of the Polymer Materials Science and Engineering Division of the American Chemical Society. He won the 2014 Cooperative Research Award from the American Chemical Society, and is a member of the European Academy of Sciences.

**Keynote**
Henry (Rique) Campa III, Ph.D., is an Associate Dean in the Graduate School and a Professor of Wildlife Ecology in the Department of Fisheries and Wildlife at Michigan State University (MSU). As Associate Dean, he develops, implements, and evaluates career and professional development programs associated with MSU’s PREP (Planning, Resilience, Engagement, and Professionalism) program. In addition, he directs activities at MSU associated with the NSF-funded Center for the Integration of Research, Teaching, and Learning (CIRTL) Network. Rique’s research interests are in the areas of wildlife-habitat relationships, ecosystem management, effects of disturbances on wildlife, and the professional development of graduate education.
